Student comments:

- Absolutely excellent supervisor. Very clear, dynamic and gives excellent feedback.

- The supervision was excellent. It really improved my understanding of the subject area / how to structure question responses.

- Daniel Wales, I assume? Provided extremely complete and rich explanations.

- Daniel Wales is absolutely fantastic. Macro is not my strong point, and particularly with this supervision I went in feeling quite confused. He managed to clarify everything however and was especially helpful in pinpointing exactly what the examiners would be looking for with the types of questions we were set.

- Best supervisor I have ever had - a pleasure to learn from!

- Mr Wales is a great supervisor, explains the supervision content really well and it also able to clearly answer questions that are brought up in the supervision. One of the best economics supervisors I have had.

- Best supervision I have ever had.

- Daniel Wales was amazing. However, my work got lost when I handed it in early to the pigeon hole as the folders were incorrectly labelled. Daniel helpfully found my work and was very good at explaining content in the supervision.

- Explain things exceptionally well and clear.

- Mr Wales is an extremely good supervisor. He seems to have done his preparation for the supervisions well, and he tells us everything we need to know.

- I was towards the end of his supervisions, so I appreciate that he was still enthusiastic despite having supervised over 100 students by then.

- Most supervisions were just going through the questions, which were relatively easy so everyone had solved them.

- Very good supervision.
